   e. Change of Committee for Leadership Coordinator
      i. Q/A
      1. Riley: Why?
         a. Last year there was a VP Exec member. There were a lot of power issues. The NCC doesn’t have enough work to have those 20 hours of work. With this change, the NCC will have a meeting that they run, and would give all NACURH and PACURH information to the Hall Gov. There is a symmetry between the Exec Board and Hall Governments
2. Walton South: Are you taking the RHA Reps and putting them in a new committee?
   a. Yes, but these changes will occur starting next year
3. Earl: How will this all work out with the Leadership Rep will not be going to GC, but a lot of what we talk about here revolve around the Leadership stuff.
   a. A lot of the information would still be useful for Hall Government. This gives the VPs more stuff to do.
4. Walton South: Why are we voting on it sooner rather than later? And why is this happening next year?
   a. We can test it out and rewrite it within the next few weeks. If we started this later, it may not be passed through GC.
5. Riley: If the LR doesn’t attend GC, they are involved a lot of what happens in GC.
   a. Increase communication between Hall Gov and RHA
6. Bean East: Splitting the role and creating two committees instead of one
   a. They aren’t losing their other committee, but their committee is changing.
7. Ham West: The RHA rep will have two meetings additional to the Hall Government Meeting?
   a. They will have GC and the National Communications Committee instead of Leadership Committee
8. Walton South: Is there enough events to have a meeting every week?
   a. Absolutely. There is a weekly newsletter each week from NACURH and PACURH
9. Walton South: Now what the RHA Rep would be doing is writing a newsletter?
   a. We want there to be more things that just writing a newsletter
10. Walton North: Can’t we just forward the newsletter to RHA
    a. We would tailor it to our university, and we don’t want to send too many emails out to residents.
11. Carson: Would that mean that the RHA Reps would be going to PACURH?
    a. No you would still have to apply in order to go to the conferences.
12. Walton South: Would you add more to the NCC position if there wasn’t a committee added?
    a. Yes, but the NCC would have to do this by themselves.
13. Bean East: Could we delegate the new committee to the new position?
   a. The RHA Representatives would represent us through a regional level. The Leadership Representatives would go to the Leadership Meetings, and would represent RHA through Leadership.

14. Riley: Will the new RHA Rep have any voting capability at the PACURH and NACURH level?
   a. There isn’t a voting capability, but legislation could be sent to the committee and decide how UO would vote on it.

15. LLC: would the Leadership Reps help plan the No Frills?
   a. It has no bearing on that

16. Riley: Are there any other schools that follow this?
   a. Our constitution is based off of the best constitutions in the nations. This would follow in that direction
